# Mishaps Collect Ten Deaths By Auto And River

Death's grim specter hovered over ten Alberta folk over the week-end, six being killed near Bellevue when a crowded car dashed in the way of an oncoming train; three lives were snuffed out in a river accident at Evansburg and the tenth tragedy being recorded at Foremost when Johnny Skirch, 11, went for the cows on his father's farm here for the last time Sunday. The boy was dragged to death when his pony bolted and his foot caught in the stirrup. The animal bit and kicked the lad.

# NAME, VELOCITY DOLLAR, IRKING FINANCE OFFICE

Ottawa Worried by Characterization of Scrip as Legal Tender

OTTAWA, Aug. 10.—While "velocity" may be all right as applied to the Alberta government's property certificates, "dollar" may cause complications if given provincial approval, it was suggested here today.

Finance department officials were reluctant to comment on the name "velocity dollar" which went into the hands of the province's despatches had been used and unofficially approved by Provincial Secretary E. C. Manning of Alberta, because the question of the province's right to issue property certificates is now before the justice department.

It was suggested, however, anything which ended to designate the certificates as money might weaken its argument they are not intended to pass as such. The right of the province to issue money might well be understood, he challenged under the B.N.A. Act.

# Early Printing Dividends Seen

The non-negotiable certificates to be used in connection with transfer of credit in payment of Social Credit bank dividends will be printed in the immediate future, it was learned on reliable authority on Monday.

A Calgary report quoted Hon. Ernest C. Manning, provincial secretary, as stating the printing already had commenced. This could not be verified, although Premier Abernethy said that if actual printing had not commenced it was expected it would be in the near future.

# That Is the Way It Is!

It is the way it is, no matter how easy it is to win in the game of life. The right way is the right way.

# Turn to Classified Want-Ad Pages

WINNIPEG, Aug. 10.—Death of George Thompson Watson, 82, pioneer in Manitoba's early lumber and grain business, was reported here today.

# LOOKING THEM OVER

## Mustangs Open Northern League Race Again—Hurdles Will Be On Program Here

When the Calgary Mustangs ran wild in the eighth inning of their game against Ponoka yesterday and piled up a winning margin, they gave the Edmonton Shastas another fighting chance to reach the coveted playoff position and generally opened up the race all the way around. While the Shastas' chances are little more than mathematics, they are nevertheless there.

On the other hand, the Cardinals and Mustangs now loom every bit as dangerous as the league-leading Panthers. They are finished with the powerful Ponoka club now for the season and have three games left with the Cards and three with the Shastas. However Ponoka has three games yet to play and each of these are with the full-strength Shastas and the other with the Cardinals.

Tuesday night the Calgary Mustangs came here for their second last Edmonton game of the season, meeting the Cardinals in what promises to be a game of great interest. Never again to lose it and both will have to "shoot the works" to survive. The Mustangs will then go to Ponoka on Wednesday along with all other clubs in the league for the big money tournament being staged there. Three games will be played during the day—none of them league fixtures. The Panthers and Mustangs play the first game at 12 noon, followed by the Cardinals and Shastas at 3 p.m. and the final at 8 p.m. This will give central Albertans the unique opportunity of seeing the four fastest baseball teams in western Canada in action on one day.

### Hurdling Practically Certain

Last night the officials in charge of the preparations for Edmonton's races, which open on Wednesday, were practically certain that there will be a number of hurdle events injected into the program. A considerable number of horses are being prepared for the jumps, among them being quite a few that are showing real aptitude for this type of racing. Several good fields are assured and with this type of racing growing rapidly in popularity here, there is little doubt but what it will be added to the program. It is hoped that when the Association officials meet today, regardless of whether or not these hurdles are included, the first race will start daily at 2:30 p.m. What is more, these jumps will not be under any circumstances be a hindrance to the horse racing program. This leaves the daily double always on the first and third and the quinella on the last even day.

When setting the distance for the hurdle races, they might be made considerably more interesting by making them over a mile and five furlongs instead of a mile and a half. If this were done, the field could be sent away from the five furlong chute and the seven furlong chute. Instead of the six used on the shorter distance. This would give slow starters a better chance to recover and the spectators considerably more for their money.

Yesterday afternoon officials here received word by telegraph from Vancouver that a full car of horses, 10 in all, would leave the coast city early this morning for Edmonton. This shipment is reported as being the formidable Burnside Stable which includes such names as Scotland, Flag, Tokana, Neleena, Gracola, Mayflower, Sinsinab and several others. Along with them will be the horses of George Owens among which are Leyburn, Wensley, and others. The Burnside string of Bernice Van, Swepen and others are also among the party. All these horses have been turning in a lot of victories during their racing on the coast and have a big following here.

## Two Thousand Fans Enjoy Donkey Baseball Contest

Donkey baseball attracted the largest crowd of spectators in the city when the first game was played last night. The game was played on a field of about 100 feet square and was a very interesting contest. The game was played on a field of about 100 feet square and was a very interesting contest. The game was played on a field of about 100 feet square and was a very interesting contest.

The puckers and paddlers got the right idea from the start. They went out to give a show and not to play. They were much to the enjoyment of the fans, they gave the right show. ## In Alberta Derby

Pace Token, 3-year-old filly, by Token-War Song II, a well-built and speedy westerner bred by J. M. Spens at the Whittier Park Stock Farm and recently sold to Mr. H. B. Kelly of Paducah, Kentucky. Pace Token is just coming to her best and is a fairly fancied for the Alberta Alberta. She was snapped after an exercise spin at the Exhibition track. Note her charming lines and excellent stance. She is built after her sire and the experts predict great things of her.

Handicapped by a few shanties in the ranks of the old grand, Clayson McKenna's fighting band of against Ralph Morgan's smooth functioning aggregation, but a few anxious eyes coupled with weak batting when his were most needed, sent Dave Wiggins flying to the ground of his group at the moment she seemed on the verge of smiling.

Both sides had an even footing on an earned run in the eighth inning and the game was tied 3-3.

Young Billy Lull, who had only three and both continued to lead the crowd, but it was the timely twinning of the ball which dispelled the gloom.

## CADOMIN WINS GAME LEAD IN TITLE SERIES

Cop Two of Three Games From Westlock In Ball Finals

CADOMIN Aug. 29—Cadomin Maroon took a one-game advantage over Westlock in the Northern Alberta senior amateur final by taking two of three games played here over the weekend. The series is a three-out-of-five contest.

Maroon were off to take the series in three straight games, or at least so it looked when they won the first two games, taking the first of a doubleheader on Sunday 18-5. But Westlock came back strong in the third contest Sunday evening, running up an 18-7 victory with a vicious hitting attack.

The largest, baseliest crowd in Cadomin's history turned out to see the contest.

### Out Our Way

### A BEDTIME STORY

Story by HAL COCHRANE Pictures by GEORGE SCARRO

The Tynmities were tickled pink. Fair Dolly shouted, "Get to think that we are in the north land where there's naught but ice and snow."

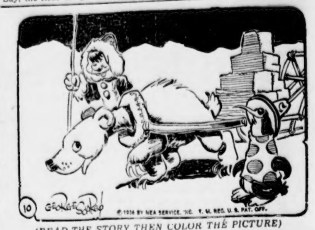

"And now we have real warm fur clothes. We'll need them up here, goodness knows. But, what are we going to do? That's what I'd like to know."

"And so would I," said Duncy. "Say, the first thing we should find out."

The cold you will not have to fear. The Tynmities were curious. "Okay, you can depend on us," said Scouty. Then their strange friend shuffled over the ice and snow.

"You'll see," said Fair Dolly. "Golly, what are we going to do? That's what I'd like to know."

"And so would I," said Duncy. "Say, the first thing we should find out."

today is some place where we all liked to a sled of ice. Lock there can sleep. An igher what we need. Perhaps a new one can be found. If we all start to look around. There's naught to lose. Come on, I'll take the lead.

"Now wait a minute, if you can, I think I have a better plan," the woman exclaimed. "You Times stay right here."

I'll rush away, and come right back. Soon, you will have a fine time, I'll furnish it with fun.

She has a monstrous plan here! I'll bet she's going to give those who take her name, knowing they're to have a place to sleep.

They'll take a ride on the polar bear in the next story.

### Curious World

—By William Ferguson

The three methods by which the sun's distance has been computed may be classed as geometrical, gravitational, and physical. Each time astronomers predict the time of an eclipse and they do so with great accuracy—they are making use of the known distance of the sun. This is but one of the many ways which prove our definite knowledge of solar system.

NEXT: In how many forms does water exist?
